Keywords

Teaics, Teaology, Tsaiology, suffix, terminology

New terminology covering all tea science and culture

Until now, we couldn't find new suitable terminology covering All of tea culture and science. Mentioning to mean all of tea culture and science is teaics or teaology or tsaiology. -ology and -ics are a suffix for academic and study. Generally new study name involves ology. Logy means logical, and suffix that a idea is connected with a study. A study concerning culture and science about tea is different from type of the study with a idea is connected with a study. Teaology suggested by Chinese, Tsaiology is suggested by Indea tea garden website. -ics has plural form and covers the complex nature of sciences as mathematics, economics, politics, the study concerning culture and science about tea has similar character with the studies having -ics. The study concerning culture and science about tea has entirely different categories as social science, humanities, natural science and art and 189 peculiar major subject. Comparing Tea and Tsai give a idea that tsai is greek word and latin and greek language were used as creating name of studies in early stage of foundation of many academic studies as Philosophy, Biology, Physics, Economics, Politics, Logics, Physiology, zoology, botany, symbolics, symbology. Currently, new studies are establishing with other studies as fusion style. ; law philosophy, physical chemistry, Biochemistry. molecular biology, Keynesian economics, Marxist economics, Home economics etc. so. new terminology of study name is created with a compound words. Namely, a compound word types name of study made by extracting and combining parts from established study name. Teaics has 189 major subjects and name of subject also will be created in that time, old greek word or latin origin that didn't currently used. many problem to understand and clear their meaning. so popular words will be suggested to choose of that study name. This is

the reason why to select teaics among teaics, teaology and tsaiology as a new terminology for study concerning culture and science about tea. I suggest the Inseting new word, teaics in all 2005 year version of dictionary as follows will be very helpful to development for tea study. Recommended content of teaics in Dictionaries as follows.
